

## **QHSE POLICY**

NSFT is committed to the prevention of Incident in order to eliminate injury to personnel and protect the environment.

To fulfill the commitment, which is as essential and equal for all activities carried out in the terminal, NSFT will provide and maintain a safe and healthy work environment and protect its people against all hazards resulting from its operations.

QHSE is the core aspect of the loss prevention philosophy and is the responsibility of the management. NSFT is committed to ensure implementation of this policy through effective monitoring of Occupational Health, Safety & Environment Management Systems by ensuring following: -

- To eliminate hazards and reduce OH&S Risk.
- Prevention of ill health & Injuries to personnel.
- Prevention of Environmental Impacts.
- Compliance with applicable Legal & Other requirements.
- Involve and encourage participation in all QHSE activities.
- Impart training all concerned personnel.
- Availability of Policy to interested parties.
- Continual Improvement
